

COMPACT SWEEPER

HSC 48, 60, 72

This compact sweeper has been developed with weight reduction and easy serviceability in mind. The environmentally friendly brushes are made of high-quality, wear-resistant polyurethane. The 20" (51 cm) diameter brushes are quick and easy to change. The included caster wheels make it easier to follow the edge of sidewalks and roads. 30° angling and oscillation help clean every dip on the road. The angle of the brush can be effortlessly hydraulically adjusted. 3/16" thick crash bar helps prevent damage from collisions.
